THE COMPANY

The Company, a South Carolina corporation founded in Hartsville, South Carolina in 1899, is a major global manufacturer of paperboard-based and plastic-based packaging products. The Company is also vertically integrated into paperboard production and recovered paper collection. The paperboard utilized in the Company's packaging products is produced substantially from recovered paper. The Company operates an extensive network of plants in the United States and has subsidiaries in Europe, Canada, Mexico, South America, Australia and Asia, and affiliates in Canada, Japan and France. The Company's business is organized by global product lines in order to leverage its U.S. customer base, to take advantage of synergies from its worldwide operations and to serve its customers worldwide in a timely manner and with consistent quality.

The Company serves a wide variety of industrial and consumer markets. Industrial markets, which represented approximately 58% of the Company's sales in 1994, include paper manufacturers, chemical and pharmaceutical producers, textile manufacturers, automotive manufacturers, the wire and cable industry and the building and construction industry. Consumer markets, which represented approximately 42% of the Company's sales in 1994, include food and beverage processors, the personal and health care industries, supermarkets, retail outlets, household goods manufacturers and consumer electronics. The Company believes that it is a leading producer in most markets served.

For financial reporting purposes, the Company divides its operations into three segments: Converted Products, Paper and International.

CONVERTED PRODUCTS

The Converted Products segment manufactures fibre and plastic tubes, cores and cones--used primarily as industrial carriers; composite canisters--used to package a variety of products including frozen concentrates, snack foods, nuts, solid shortening, refrigerated dough, biscuits and pastries, powdered beverages, coffee, paints, cleansers and other products; caulking cartridges--used for packaging adhesives and sealants; fibre drums, plastic drums and intermediate bulk containers--used for packaging a wide variety of products for bulk packaging; plastic bags--for the grocery and retail industries; agricultural mulch film; wood, plywood and metal reels--for the wire and cable industries; injection molded and extrusion plastics--including automotive components, plumbing parts and reel products; and protective packaging products--including solid fibre partitions, corner posts and engineered cushioned fibre.

The October 1993 acquisition of Engraph, Inc., the Company's largest acquisition to date, added several new products to the Converted Products portfolio, including pressure-sensitive and extended-text labels; flexible packaging--for confectionery and other industries; screen process printing--for the beverage and fleet graphics industries; and paperboard specialties--including cartons, sleeves and blister packs.

Converted Products is the largest of the Company's business segments with 1994 sales to unaffiliated customers of over \$1.7 billion and operating profit (before unallocated corporate expense, interest income and interest expense) of \$188.5 million. At December 31, 1994, the Converted Products segment had approximately 10,400 employees and identifiable assets of \$1.1 billion.

The Company believes it has several competitive advantages in the industrial and consumer Converted Products markets it serves. First, the Company sells

many products within the Converted Products segment globally. As a result, the Company believes it has the capability to respond effectively to customers seeking national or international supply agreements. Secondly, the Company believes its technological leadership, reputation for quality and vertical integration have enabled the Company to coordinate its product development and global expansion with the rapidly changing needs of its major customers, who demand high quality, state of the art and environmentally compatible packaging. Thirdly, the Company and its customers have jointly developed international standards to reduce costs and increase quality. Finally, the Company believes that its strategy of vertical integration increases its control over the availability and quality of raw materials used in its products.

PAPER

The Paper segment includes the Company's domestic production of uncoated cylinder paperboard and corrugating medium, as well as the recovered paper collection and processing operations. The primary objective

S-3

of the Paper segment is to provide a high-quality, cost-effective source of paperboard for the Company's Converted Products operations. The Company believes the Paper segment is one of the world's largest producers of uncoated recycled cylinder paperboard and that it is among the five largest consumers of recovered paper in the world.

In 1994, total Paper segment revenue was \$331 million and operating profit was \$64.5 million. Approximately \$203.6 million or 61.5% of the Company's Paper segment sales were to the Company's paperboard-based Converted Products units. The remaining \$127.4 million or 38.5% of Paper segment sales, primarily corrugating medium and specialty grade papers, were to unaffiliated customers. The Company sells its corrugating medium production to a single customer under a long term agreement, which expires in 2010. Revenues in 1994 under this agreement were approximately \$46 million.

The primary raw material used in the production of the Company's uncoated cylinder paperboard is recovered paper. Approximately 98% of the recovered paper consumed by the Company is obtained through its recovered paper collection subsidiary, Paper Stock Dealers, Inc., and from recovered paper collection sites at the Company's plants.

At December 31, 1994, the Paper segment had approximately 1,600 employees and identifiable assets of \$157.4 million. The Company believes the Paper segment affords to the Company's other segments competitive advantages of control over quality and availability of base product stock at a competitive price.

INTERNATIONAL

The International segment includes all operations outside the United States. The Company has operated internationally since 1923 and today operates through subsidiaries and affiliates in 28 countries, including the European Community (United Kingdom, France and Germany), Canada, Latin America (Mexico, Colombia, Venezuela and Brazil), and Pacific/Asia (Australia, New Zealand, Thailand, Malaysia, Singapore and Taiwan), essentially serving the same industrial and consumer markets as its domestic operations. The Company believes it is the largest supplier of tubes and cones in Europe, Canada, Mexico and Australia.

In 1994, the International segment reported sales to unaffiliated customers of \$431.2 million and an operating profit of \$15.7 million. At December 31, 1994, the International segment had approximately 4,700 employees and identifiable assets of \$405.6 million.

Having operated internationally for over 70 years, the International segment has been important in the Company's ability to serve and retain many of its customers that have international packaging requirements. The Company

considers its ability to serve its customers worldwide in a timely, consistent and cost-effective manner to be a competitive advantage. The Company expects its international activities to provide an increasing portion of its future growth.

ACQUISITION STRATEGY

Acquisitions and business combinations have been, and are expected to continue to be, an important part of the Company's strategy for growth and its ability to service customer needs. The Company continually evaluates acquisition opportunities and frequently conducts due diligence activities and enters into negotiations in connection with possible acquisitions. The Company is currently conducting such negotiations and has submitted bids with respect to several small acquisition opportunities. The Company expects to acquire additional companies with market and technology positions that provide meaningful opportunities in industrial and consumer markets, and possibly may dispose of operations, when consistent with its overall goals and strategies.

During the first six months of 1995, the Company completed several acquisitions at a total cost of approximately \$50 million in cash, including the purchase of an Edinburg, Indiana flexible packaging plant from Hargro Flexible Packaging Corporation and the purchase of the remaining 50% interest in the CMB-Sonoco joint venture which manufactures composite containers in the United Kingdom and France. These acquisitions are expected to add approximately \$90 million in sales annually. Since the end of the second quarter 1995, the Company has completed acquisitions which are expected to add approximately \$50 million in sales annually.

S-4

USE OF PROCEEDS

The purpose of the offering of the Debentures is to lengthen the maturities of the Company's indebtedness. Accordingly, the Company will apply the net proceeds from the sale of the Debentures (estimated at \$) to the reduction of outstanding commercial paper obligations. Such commercial paper obligations were incurred for general corporate purposes and at October 31, 1995 bore interest at an average rate of 5.77%. The Company expects to incur additional commercial paper and other debt obligations from time to time for general corporate purposes, including working capital, capital expenditures and possible acquisitions.

RECENT RESULTS

The Company's sales for the quarter ended October 1, 1995 were \$687.0 million compared with \$591.2 million for the quarter ended October 2, 1994. The sales increase was largely the result of higher selling prices implemented earlier in the year to offset increasing raw material costs, especially recovered paper. Operating income was \$77.6 million for the third quarter of 1995 compared with \$61.5 million in 1994. Net income available to common shareholders for the quarter was \$38.7 million compared with \$30.6 million last year. Earnings per share (assuming no dilution) were \$.43 compared with third quarter 1994 earnings of \$.33 per share. Earnings per share (assuming full dilution) were \$.41 compared with third quarter 1994 earnings of \$.33 per share.

Sales for the first nine months of 1995 were \$2,023.9 million compared with \$1,692.9 million for the same period in 1994. The increase in sales was largely the result of both volume gains earlier in the year and the selling price increases noted above. Operating income was \$228.4 million compared with \$177.7 million during the same period last year. Net income available to common shareholders for the first nine months of 1995 was \$116.5 million

compared with \$87.6 million in 1994. Earnings per share (assuming no dilution) were \$1.28 compared with \$.96 for the nine month period in 1994. Earnings per share (assuming full dilution) were \$1.22 compared with \$.94 for the same nine month period in 1994.

Data for the three months and nine months ended October 1, 1995 and October 2, 1994 have been derived from the unaudited consolidated financial statements of the Company for such periods and, in the opinion of management, include all adjustments (consisting only of normal recurring adjustments) necessary to state fairly the information included therein in accordance with generally accepted accounting principles for interim financial information.

DESCRIPTION OF THE DEBENTURES

The following description of the particular terms of the Debentures offered hereby (referred to in the Prospectus as "Offered Debt Securities") supplements, and to the extent inconsistent therewith replaces, the description of the general terms and provisions of the Debt Securities set forth in the accompanying Prospectus, to which description reference is hereby made.

GENERAL

The Debentures will be limited to \$100,000,000 aggregate principal amount and will mature on November 1, 2010. The Debentures will bear interest at % per annum from November 1, 1995 or from the most recent interest payment date to which interest has been paid or provided for, payable semiannually on May 1 and November 1 of each year, commencing May 1, 1996, to the persons in whose names the Debentures are registered at the close of business on the April 15 or October 15, as the case may be, next preceding such interest payment date.

Sections 403 and 1010 of the Indenture dated as of June 15, 1991 (the "Indenture"), relating respectively to defeasance and discharge of obligations in respect of Debt Securities and defeasance of certain covenants, will apply to the Debentures. See "Description of the Debt Securities--Defeasance of Offered Debt Securities or Certain Covenants in Certain Circumstances" in the Prospectus.

The Debentures will not be redeemable prior to maturity and will not be subject to any sinking fund.

BOOK-ENTRY SYSTEM

Upon issuance, the Debentures will be represented by a Global Security deposited with, or on behalf of, the Depositary. The Global Security representing the Debentures will be registered in the name of a nominee of the Depositary. Except under the circumstances described in the accompanying Prospectus under "Description of the Debt Securities--Book-Entry Securities," the Debentures will not be issuable in definitive form. So long as the Debentures are represented by a Global Security, the Depositary's nominee will be considered the sole owner

S-7

or holder of the Debentures for all purposes under the Indenture, and the beneficial owners of the Debentures will be entitled only to those rights and benefits afforded to them in accordance with the Depositary's regular operating procedures. See "Description of the Debt Securities--Book-Entry Securities" in the Prospectus.

The Company expects that the Depositary, upon receipt of any payment of principal, premium or interest on the Debentures represented by a Global Security, will credit immediately participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Security as shown on the records of such Depositary. The Company also expects that payments by participants to owners of beneficial interests in such Global Security held through such participants

will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such participants.

The Depositary has advised the Company and the Underwriters as follows: the Depositary is a limited-purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. The Depositary was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. The Depositary's participants include securities brokers and dealers (including the Underwriters), banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own the Depositary. Access to the Depositary's book-entry system is also available to other entities, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant either directly or indirectly.

SAME-DAY SETTLEMENT AND PAYMENT

Settlement for the Debentures will be made by the Underwriters in immediately available funds. All payments of principal and interest will be made in immediately available funds.

Secondary trading in long-term notes and debentures of corporate issuers is generally settled in clearing-house or next-day funds. In contrast, the Debentures will trade in the Depositary's Same-Day Funds Settlement System until maturity, and secondary market trading activity in the Debentures will therefore be required by the Depositary to be settled in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the Debentures.

UNDERWRITING

Subject to the terms and conditions set forth in the Underwriting Agreement dated the date hereof, the Company has agreed to sell to each of the Underwriters named below severally, and each of the Underwriters has severally agreed to purchase, the principal amount of the Debentures set forth opposite its name below:

After the initial public offering, the public offering price and such concessions may from time to time be changed.

The Debentures are a new issue of securities with no established trading market. DESCRIPTION OF THE DEBT SECURITIES

The following description of the terms of the Debt Securities sets forth certain general terms and provisions of the Debt Securities to which the Prospectus Supplement will relate. The particular terms of the Debt Securities offered by any Prospectus Supplement (the "Offered Debt Securities") and the extent, if any, to which such general provisions may not apply thereto will be described in the Prospectus Supplement relating to such Offered Debt Securities.

The Debt Securities are to be issued under an Indenture, dated as of June 15, 1991 (the "Indenture"), between the Company and Wachovia Bank of North

Carolina, National Association, as Trustee (the "Trustee"), a form of which is incorporated by reference into the Registration Statement. The following summary of certain provisions of the Debt Securities and the Indenture do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all of the provisions of the Indenture, including the definitions therein of certain terms. Whenever particular provisions or defined terms in the Indenture are referred to herein, such provisions or defined terms are incorporated by reference herein. Section references used herein are references to the Indenture.

GENERAL

The Debt Securities will be unsecured obligations of the Company and will rank on a parity with all other currently outstanding unsecured and unsubordinated indebtedness of the Company.

The Debt Securities of any series may be issued in definitive form or, if provided in the Prospectus Supplement relating thereto, may be represented in whole or in part by a permanent global Security or Securities, which will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (the "Depository"), and registered in the name of the Depository's nominee. Each Debt Security represented by a permanent global Security is referred to herein as a "Book-Entry Security."

The Indenture does not limit the amount of Debt Securities or of any particular series of Offered Debt Securities that may be issued thereunder or otherwise and provides that Debt Securities may be issued thereunder from time to time in one or more series.

Reference is made to the Prospectus Supplement relating to the particular series of Offered Debt Securities offered thereby for the following terms or additional provisions of the Offered Debt Securities: (i) the title of the Offered Debt Securities; (ii) any limit on the aggregate principal amount of the Offered Debt Securities; (iii) the price (expressed as a percentage of the aggregate principal amount thereof) at which the Offered Debt Securities will be issued; (iv) the date or dates on which the principal of the Offered Debt Securities will be payable; (v) the rate or rates (which may be fixed or variable) per annum at which the Offered Debt Securities will bear interest, if any, or the method of determination of such rate or rates; (vi) the date or dates from which such interest, if any, on the Offered Debt Securities will accrue or the method of determination of such date or dates, the dates on which such interest, if any, will be payable, the date on which payment of such interest, if any, will commence, and the regular record dates for such interest payment dates, if any; (vii) the period or periods within which, the price or prices at which and the terms and conditions upon which the Offered Debt Securities may be redeemed, in whole or in part, at the option of the Company; (viii) the obligation, if any, of the Company to redeem or purchase Offered Debt Securities pursuant to any sinking fund or analogous provisions or at the option of a Holder, and the periods within, the prices at, and the terms and conditions upon which such Offered Debt Securities shall be redeemed or purchased; (ix) if other than the principal amount thereof, the amount of Offered Debt Securities which shall be payable upon declaration of acceleration of the maturity thereof; (x) if other than U.S. dollars, the currency (including composite currencies) in which payment of principal of (and premium, if any) and/or interest on the Offered Debt Securities shall be payable; (xi) any currency (including composite currencies) other than the stated currency of the Offered Debt Securities in which the principal of (and premium, if any) and/or interest on the Offered Debt Securities may, at the election of the Company or the Holders, be payable, and the periods within which, and terms and conditions upon which, such election may be made; (xii) if

the amount of payments of principal of (and premium, if any) and/or interest on the Offered Debt Securities may be determined with reference to an index based on a currency (including composite currencies) other than the stated

currency of the Debt Securities, the manner in which such amounts shall be determined; (xiii) the right of the Company, if any, to defease the Offered Debt Securities or certain covenants under the Indenture; (xiv) whether any of the Offered Debt Securities shall be Book-Entry Securities and, in such case, the Depository for such Book-Entry Securities; and (xv) any other terms relating to the Offered Debt Securities (which are not inconsistent with the Indenture). (Section 301)

Unless otherwise provided and except with respect to Book-Entry Securities, principal of and premium, if any, and interest, if any, on the Debt Securities will be payable, and the transfer of the Debt Securities will be registrable, at the Corporate Trust Office of the Trustee, except that, at the option of the Company, interest may be paid by mailing a check to, or by wire transfer to, the Holders of record entitled thereto. (Sections 301 and 305)

For a description of payments of principal of, premium, if any, and interest on, and transfer of, Book-Entry Securities, and exchanges of permanent global Securities representing Book-Entry Securities, see "Book-Entry Securities."

Unless otherwise indicated in the Prospectus Supplement relating thereto and except with respect to Book-Entry Securities, the Debt Securities will be issued only in fully registered form without coupons and in denominations of \$1,000 or any multiple thereof. No service charge will be made for any registration of transfer or exchange of the Offered Debt Securities, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. (Sections 301, 302 and 305)

Debt Securities may be issued under the Indenture as Original Issue Discount Securities to be offered and sold at a substantial discount below their stated principal amount. Federal income tax consequences and other special considerations applicable to any such Original Issue Discount Securities will be described in the Prospectus Supplement relating thereto. "Original Issue Discount Security" means any security which provides for the declaration of acceleration of the maturity of an amount less than the principal amount thereof upon the occurrence of an Event of Default and the continuation thereof. (Section 101)

In the case of a Debt Security denominated in a foreign currency, a state court in the State of New York rendering a judgment on such Security would be required under Section 27 of the New York Judiciary Law to render such judgment in the foreign currency in which the Debt Security is denominated, and such judgment would be converted into United States dollars at the exchange rate prevailing on the date of entry of the judgment.

CERTAIN COVENANTS OF THE COMPANY

Restriction on Liens

The Indenture provides that, so long as any Debt Securities are Outstanding, the Company will not issue, assume or guarantee, and will not permit any Domestic Subsidiary to issue, assume or guarantee, any Indebtedness which is secured by a mortgage, pledge, security interest, lien or encumbrance (any mortgage, pledge, security interest, lien or encumbrance being hereinafter referred to as a "lien" or "liens") of or upon any assets, whether now owned or hereafter acquired, of the Company or any such Domestic Subsidiary without effectively providing that the Debt Securities (together with, if the Company shall so determine, any other Indebtedness of the Company ranking equally with the Debt Securities) shall be equally and ratably secured by a lien ranking ratably with and equal to (or at the Company's option, prior to) such secured Indebtedness; provided, however, that the foregoing restriction shall not apply to (a) liens on any assets of any corporation existing at the time such corporation becomes a Domestic Subsidiary; (b) liens on any assets existing at the time of acquisition of such assets by the Company or a Domestic Subsidiary, or liens to secure the payment of all or any part of the purchase price of such assets upon the acquisition of such assets by the Company or a Domestic Subsidiary or to

secure any Indebtedness incurred, assumed or guaranteed by the Company or a Domestic Subsidiary prior to, at the time of, or within 180 days after such acquisition (or in the case of real property, the completion of construction (including any improvements on an existing asset) or commencement of full operation of such asset, whichever is later) which Indebtedness is incurred, assumed or guaranteed for the purpose of financing all or any part of the purchase price thereof or, in the case of real property, construction or improvements thereon; provided, however, that in the case of any such acquisition, construction or improvement, the lien shall not apply to any assets theretofore owned by the Company or a Domestic Subsidiary, other than, in the case of any such construction or improvement, any real property on which the property so constructed, or the improvement, is located; (c) liens on any assets to secure Indebtedness of a Domestic Subsidiary to the Company or to any wholly owned Domestic Subsidiary; (d) liens on any assets of a corporation existing at the time such corporation is merged into or consolidated with the Company or a Domestic Subsidiary or at the time of a purchase, lease or other acquisition of the assets of a corporation or firm as an entirety or substantially as an entirety by the Company or a Domestic Subsidiary; (e) liens on any assets of the Company or a Domestic Subsidiary in favor of the United States or any State thereof, or any department, agency or instrumentality or political subdivision of the United States or any State thereof, or in favor of any other country, or any political subdivision thereof, to secure partial, progress, advance or other payments pursuant to any contract or statute or to secure any Indebtedness incurred or guaranteed for the purpose of financing all or any part of the purchase price (or, in the case of real property, the cost of construction) of the assets subject to such liens (including, but not limited to, liens incurred in connection with pollution control, industrial revenue or similar financings); (f) any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any lien referred to in the foregoing clauses (a) to (e), inclusive; provided, however, that the principal amount of Indebtedness secured thereby shall not exceed the principal amount of Indebtedness so secured at the time of such extension, renewal or replacement, and that such extension, renewal or replacement shall be limited to all or a part of the assets which secured the lien so extended, renewed or replaced (plus improvements and construction on real property); (g) liens not permitted by clauses (a) through (f) above if at the time of, and after giving effect to, the creation or assumption of any such lien, the aggregate amount of all Indebtedness of the Company and its Domestic Subsidiaries secured by all such liens not so permitted by clauses (a) through (f) above together with the Attributable Debt in respect of Sale and Lease-Back Transactions permitted by the Indenture do not exceed 10% of Consolidated Net Tangible Assets. (Section 1008)

Restriction on Sale and Lease-Back Transactions

The Indenture further provides that the Company will not, and will not permit any Domestic Subsidiary to, enter into any arrangement with any person providing for the leasing by the Company or a Domestic Subsidiary of any property or assets, other than any such arrangement involving a lease for a term, including renewal rights for not more than 3 years, whereby such property or asset has been or is to be sold or transferred by the Company or any Domestic Subsidiary to such person (herein referred to as a "Sale and Lease-Back Transaction"), unless (a) the Company or such Domestic Subsidiary would, at the time of entering into a Sale and Lease-Back Transaction, be entitled to incur Indebtedness secured by a lien on the property or asset to be leased in an amount at least equal to the Attributable Debt in respect of such Sale and Lease-Back Transaction without equally and ratably securing the Debt Securities pursuant to the Indenture; or (b) the proceeds of the sale of the property or assets to be leased are at least equal to the fair value of such property or assets (as determined by the Board of Directors of the Company) and an amount equal to the net proceeds from the sale of the property or assets so leased is applied, within 180 days of the effective date of any such Sale and Lease-Back Transaction, to the purchase or acquisition (or, in the case of property, the construction) of property or assets or to the

retirement (other than at maturity or pursuant to a mandatory sinking fund or redemption provision) of Debt Securities or of Funded Indebtedness of the Company or a consolidated Domestic Subsidiary ranking on a parity with or senior to the Debt Securities. (Section 1009)

Applicability of Covenants

Any series of Debt Securities may provide that any one or more of the covenants described above shall not be applicable to the Securities of such series. (Section 1010)

6

Certain Definitions (Section 101)

"Attributable Debt", when used in connection with a Sale and Lease-Back transaction referred to above, shall mean, as of any particular time, the aggregate of present values (discounted at a rate per annum equal to the average interest borne by all Outstanding Debt Securities determined on a weighted average basis and compounded semi-annually) of the obligations of the Company or any Subsidiary for net rental payments during the remaining term of all leases (including any period for which such lease has been extended or may, at the option of the lessor, be extended). The term "net rental payments" under any lease of any period shall mean the sum of the rental and other payments required to be paid in such period by the lessee thereunder, not including, however, any amounts required to be paid by such lessee (whether or not designated as rental or additional rental) on account of maintenance and repairs, reconstruction, insurance, taxes, assessments, water rates or similar charges required to be paid by such lessee thereunder or any amounts required to be paid by such lessee thereunder contingent upon the amount of sales, maintenance and repairs, reconstruction, insurance, taxes, assessments, water rates or similar charges.

"Consolidated Net Tangible Assets" means at any date, the total assets appearing on the most recently prepared consolidated balance sheet of the Company and the Subsidiaries as of the end of a fiscal quarter of the Company, prepared in accordance with generally accepted accounting principles at the time of calculation, less (a) all current liabilities as shown on such balance sheet and (b) intangible assets. "Intangible assets" means the value (net of any applicable reserves), as shown on or reflected in such balance sheet of: (i) all trade names, trademarks, licenses, patents, copyrights and goodwill; (ii) organizational costs; and (iii) deferred charges (other than prepaid items such as insurance, taxes, interest, commissions, rents and similar items and tangible assets being amortized); but in no event shall the term "intangible assets" include product development costs.

"Domestic Subsidiary" means any Subsidiary (a) incorporated under the laws of the United States or any state, territory or possession thereof, or the Commonwealth of Puerto Rico, (b) the operations of which are substantially conducted in the United States or its territories or possessions, or in the Commonwealth of Puerto Rico, or (c) a substantial portion of the assets of which are located in the United States or its territories or possessions or in the Commonwealth of Puerto Rico. A "wholly owned Domestic Subsidiary" is any Domestic Subsidiary of which all Outstanding securities having the voting power to elect the Board of Directors of such Domestic Subsidiary (irrespective of whether or not at the time securities of any other class or classes of such Domestic Subsidiary shall have or might have voting power by reason of the happening of any contingency) are at the time directly or indirectly owned or controlled by the Company, or by one or more wholly owned Domestic Subsidiaries, or by the Company and one or more wholly owned Domestic Subsidiaries.

"Funded Indebtedness" means any Indebtedness maturing by its terms more than one year from the date of the determination thereof, including any Indebtedness renewable or extendible at the option of the obligor to a date later than one year from the date of the determination thereof.

"Indebtedness" means (i) all obligations for borrowed money, (ii) all obligations evidenced by bonds, debentures, notes or other similar instruments, (iii) all obligations in respect of letters of credit or bankers acceptances or similar instruments (or reimbursement obligations with respect thereto), (iv) all obligations to pay the deferred purchase price of property or services, except trade accounts payable arising in the ordinary course of business, (v) all obligations as lessee which are capitalized in accordance with generally accepted accounting principles at the time of calculation, and (vi) all Indebtedness of others guaranteed by the Company or any of its subsidiaries or for which the Company or any of its subsidiaries is otherwise responsible or liable (whether by agreement to purchase indebtedness of, or to supply funds or to invest in, others).

"Subsidiary" means any corporation of which at least a majority of Outstanding securities having the voting power to elect a majority of the Board of Directors of such corporation (irrespective of whether or not at the time securities of any other class or classes of such corporation shall have or might have voting power by reason of the happening of any contingency) is at the time directly or indirectly owned or controlled by the Company, or by one or more of the Subsidiaries, or by the Company and one or more Subsidiaries.

7

EVENTS OF DEFAULT

An Event of Default with respect to the Debt Securities of any series is defined in the Indenture as: (a) default in payment of principal of or premium, if any, on any Debt Security of that series at maturity; (b) default for 30 days in payment of interest on any Debt Security of that series; (c) default in the deposit of any sinking fund payment when due in respect of that series; (d) failure by the Company in the performance of any other of the covenants or warranties in the Indenture (other than a covenant or warranty included in the Indenture solely for the benefit of a series of Debt Securities other than that series) continued for 60 days after due notice by the Trustee or by Holders of at least 10% in principal amount of the Outstanding Debt Securities of that series; (e) a default under any bond, debenture, note or other evidence of the Indebtedness of the Company (including a default with respect to Debt Securities of any series other than that series) or under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness of the Company (including this Indenture), whether such Indebtedness now exists or shall hereafter be created, which default shall constitute a failure to pay such Indebtedness in a principal amount in excess of \$10 million when due and payable at final maturity after the expiration of any applicable grace period with respect thereto or shall have resulted in such Indebtedness in a principal amount in excess of \$10 million becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable, without such Indebtedness having been discharged, or such acceleration having been rescinded or annulled, within a period of 15 days after there shall have been given, by overnight mail or other same day or overnight delivery service which can provide evidence of delivery, to the Company by the Trustee, or to the Company and the Trustee by the Holders of at least 25% in principal amount of the Outstanding Securities of that series, a written notice specifying such default and requiring the Company to cause such Indebtedness to be discharged or cause such acceleration to be rescinded or annulled and stating that such notice is a Notice of Default under the Indenture; (f) certain events of bankruptcy, insolvency or reorganization of the Company; and (g) any other Event of Default provided with respect to Debt Securities of that series. (Section 501)

The Indenture provides that, if any Event of Default with respect to Debt Securities of any series at the time Outstanding occurs and is continuing, either the Trustee or the Holders of not less than 25% in principal amount of the Outstanding Debt Securities of that series may declare the principal amount (or, if the Debt Securities of that series are Original Issue Discount Securities, such portion of the principal amount of such Debt Securities as

may be specified in the terms thereof) of all Debt Securities of that series to be due and payable immediately, but upon certain conditions such declaration may be annulled and past defaults (except, unless theretofore cured, a default in payment of principal of or premium, if any, or interest, if any, on the Debt Securities of that series and certain other specified defaults) may be waived by the Holders of a majority in principal amount of the Outstanding Debt Securities of that series on behalf of the Holders of all Debt Securities of that series. (Sections 502 and 513)

Reference is made to the Prospectus Supplement relating to each series of Outstanding Debt Securities which are Original Issue Discount Securities for the particular provisions relating to acceleration of the Maturity of a portion of the principal amount of such Original Issue Discount Securities upon the occurrence of an Event of Default and the continuation thereof.

The Indenture provides that the Trustee will, within 90 days after the occurrence of a default with respect to Debt Securities of any series at the time Outstanding, give to the Holders of the Outstanding Debt Securities of that series notice of such default known to it if uncured or not waived, provided that, except in the case of default in the payment of principal of or premium, if any, or interest on any Debt Security of that series, or in the deposit of any sinking fund payment which is provided, the Trustee will be protected in withholding such notice if the Trustee in good faith determines that the withholding of such notice is in the interest of the Holders of the Outstanding Debt Securities of such series; and, provided further, that such notice shall not be given until 30 days after the occurrence of a default with respect to Outstanding Debt Securities of any series in the performance of a covenant in the Indenture other than for the payment of the principal of or premium, if any, or interest on any Debt Security of such series or the deposit of any sinking fund payment with respect to the Debt Securities of such series. The term default with respect to any series of Outstanding Debt Securities for the purpose only of

8

this provision means the happening of any of the Events of Default specified in the Indenture and relating to such series of Outstanding Debt Securities, excluding any grace periods and irrespective of any notice requirements. (Section 602)

The Indenture contains a provision entitling the Trustee, subject to the duty of the Trustee during default to act with the required standard of care, to be indemnified by the Holders of any series of Outstanding Debt Securities before proceeding to exercise any right or power under the Indenture at the request of the Holders of such series of Debt Securities. (Section 603) The Indenture provides that the Holders of a majority in principal amount of Outstanding Debt Securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or other power conferred on the Trustee, with respect to the Debt Securities of such series provided that the Trustee may decline to act if such direction is contrary to law or the Indenture. In the case of Book-Entry Securities, the Indenture requires the Trustee to establish a record date for purposes of determining which Holders are entitled to join in such direction. (Section 512)

The Indenture includes a covenant that the Company will file annually with the Trustee a certificate of no default. (Section 1004)

MODIFICATION OF THE INDENTURE AND WAIVER OF COVENANTS

Modifications and amendments may be made by the Company and the Trustee to the Indenture, without the consent of any Holder of any Debt Security of any series, to add covenants and Events of Default, and to make provisions with respect to other matters and issues arising under the Indenture, provided that any such provision does not adversely affect the rights of the Holders of Debt Securities of any series (Section 901).

The Indenture contains provisions permitting the Company and the Trustee, with the consent of the Holders of not less than 66 2/3% in principal amount of Outstanding Debt Securities of each series affected thereby, to execute supplemental indentures adding any provisions to or changing or eliminating any of the provisions of the Indenture or modifying the rights of the Holders of Outstanding Debt Securities of such series, except that no such supplemental indenture may, without the consent of the Holder of each Outstanding Debt Security affected thereby, (a) change the Stated Maturity, or reduce the principal amount, the premium, if any, thereon or the rate of payment of interest thereon, of any Debt Security of any series, (b) reduce the aforesaid percentage of Outstanding Debt Securities of any series, the consent of the Holders of which is required for any supplemental indenture or for waiver of compliance with certain provisions of the Indenture or certain defaults thereunder or (c) effect certain other changes. (Section 902) The Indenture also permits the Company to omit compliance with certain covenants in the Indenture with respect to Debt Securities of any series upon waiver by the Holders of not less than 66 2/3% in principal amount of Outstanding Debt Securities of such series. (Section 1011)

CONSOLIDATION, MERGER AND SALE OF ASSETS

The Indenture contains a provision permitting the Company, without the consent of the Holders of any of the Outstanding Debt Securities under the Indenture, to consolidate with or merge into any other corporation or transfer or lease its assets substantially as an entirety to any person provided that: (i) the successor is a corporation organized under the laws of any United States domestic jurisdiction; (ii) the successor corporation assumes the Company's obligations on the Debt Securities and under the Indenture; (iii) after giving effect to the transaction no Event of Default, and no event which, after notice or lapse of time, would become an Event of Default, shall have happened and be continuing; and (iv) certain other conditions are met. (Sections 801 and 802)

BOOK-ENTRY SECURITIES

The following description of Book-Entry Securities will apply to any series of Debt Securities issued in whole or in part in the form of a permanent global Security or Securities except as otherwise provided in the Prospectus Supplement relating thereto.

9

Upon issuance, all Book-Entry Securities of like tenor and having the same date of original issue will be represented by one or more permanent global Securities. Each permanent global Security representing Book-Entry Securities will be deposited with, or on behalf of, the Depositary, which will be a clearing agent registered under the Exchange Act. The permanent global Security will be registered in the name of the Depositary or a nominee of the Depositary.

Ownership of beneficial interests in a permanent global Security representing Book-Entry Securities will be limited to institutions that have accounts with the Depositary or its nominee ("participants") or persons that may hold interests through participants. In addition, ownership of beneficial interests by participants in such a permanent global Security only will be evidenced by, and the transfer of that ownership interest only will be effected through, records maintained by the Depositary or its nominee for such permanent global Security. Ownership of beneficial interest in such a permanent global Security by persons that hold through participants only will be evidenced by, and the transfer of that ownership interest within such participant only will be effected through, records maintained by such participant. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Such laws may impair the ability to transfer beneficial interests in such a permanent global Security.

Payment of principal of and any premium and interest on Book-Entry

Securities represented by any permanent global Security registered in the name of or held by the Depositary or its nominee will be made in the Depositary or its nominee, as the case may be, as the registered owners and Holder of the permanent global Security representing such Book-Entry Securities. None of the Company, the Trustee or any agent of the Company or the Trustee will have any responsibility or liability for any aspect of the Depositary's records or any participant's records relating to or payments made on account of beneficial ownership interests in a permanent global Security representing such Book-Entry Securities or for maintaining, supervising or reviewing any of the Depositary's records or any participant's records relating to such beneficial ownership interests. Payments by participants to owners of beneficial interests in a permanent global Security held through such participants will be governed by the Depositary's procedures, as is now the case with securities held for the accounts of customers registered in "street name," and will be the sole responsibility of such participants.

No permanent global Security described above may be transferred except as a whole by the Depositary for such permanent global Security to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary.

A permanent global Security representing Book-Entry Securities is exchangeable for definitive Debt Securities in registered form, of like tenor and of an equal aggregate principal amount, only if (a) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for such permanent global Security or if at any time the Depositary ceases to be a clearing agency registered under the Exchange Act, (b) the Company in its sole discretion determines that such permanent global Security shall be exchangeable for definitive Debt Securities in registered form or (c) there shall have occurred and be continuing an Event of Default with respect to the Debt Securities. Any permanent global Security that is exchangeable pursuant to the preceding sentence shall be exchangeable in whole for definitive Debt Securities in registered form, of like tenor and of an equal aggregate principal amount, and, unless otherwise specified in the Prospectus Supplement relating thereto, in denominations of \$1,000 and integral multiples thereof. Such definitive Debt Securities shall be registered in the name or names of such person or persons as the Depositary shall instruct the Trustee. It is expected that such instructions may be based upon directions received by the Depositary from its participants with respect to ownership of beneficial interests in such permanent global Security.

Except as provided above, owners of beneficial interests in such permanent global Security will not be entitled to receive physical delivery of Debt Securities in definitive form and will not be considered the Holders thereof for any purpose under the Indenture, and no permanent global Security representing Book-Entry Securities shall be exchangeable, except for another permanent global Security of like denomination and tenor to be registered in the name of the Depositary or its nominee. Accordingly, each person owning a beneficial interest in such permanent global Security must rely on the procedures of the Depositary and, if such person is not a

participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a Holder under the Indenture. The Company understands that under existing industry practices, in the event that the Company requests any action of Holders or an owner of a beneficial interest in such permanent global Security desires to give or take any action that a Holder is entitled to give or take under the Indenture, the Depositary would authorize the participants holding the relevant beneficial interests to give or take such action, and such participants would authorize beneficial owners owning through such participant to give or take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Defeasance and Discharge. The Indenture provides that the terms of any series of Debt Securities may provide that the Company will be discharged from any and all obligations in respect of the Debt Securities of such series (except for certain obligations to register the transfer or exchange of Debt Securities of such series, to replace stolen, lost or mutilated Debt Securities of such series, to maintain paying agencies and hold moneys for payment in trust) upon the deposit with the Trustee, in trust, of money and/or U.S. Government Obligations or, in the case of Debt Securities denominated in foreign currencies, money and/or Foreign Government Securities, which, through the payment of interest and principal thereof in accordance with their terms, will provide money in an amount sufficient to pay any installment of principal (and premium, if any) and interest on, and any mandatory sinking fund payments in respect of, the Debt Securities of such series on the stated maturity of such payments in accordance with the terms of the Indenture and such Debt Securities. Such discharge may only occur if, among other things, the Company has delivered to the Trustee an Opinion of Counsel to the effect that the Company has received from, or there has been published by, the United States Internal Revenue Service a ruling, or there has been a change in tax law, in either case to the effect that such a discharge will not be deemed, or result in, a taxable event with respect to Holders of the Debt Securities of such series; and such discharge will not be applicable to any Debt Securities of such series then listed on the New York Stock Exchange or any other securities exchange if the provision would cause said Debt Securities to be de-listed as a result thereof. (Section 403)

Defeasance of Certain Covenants. The Indenture provides that the terms of any series of Debt Securities may provide the Company with the option to omit to comply with certain restrictive covenants described in Sections 1008 and 1009 of the Indenture. The Company, in order to exercise such option, will be required to deposit with the Trustee money and/or U.S. Government Obligations or, in the case of Debt Securities denominated in foreign currencies, money and/or Foreign Government Securities, which, through the payment of interest and principal thereof in accordance with their terms, will provide money in an amount sufficient to pay principal (and premium, if any) and interest on, and any mandatory sinking fund payments in respect of, the Debt Securities of such series on the stated maturity of such payments in accordance with the terms of the Indenture and such Debt Securities. The Company will also be required to deliver to the Trustee an opinion of counsel to the effect that the deposit and related covenant defeasance will not cause the Holders of the Debt Securities of such series to recognize income, gain or loss for federal income tax purposes. (Section 1010) In the event the Company exercises this option and the Debt Securities of such series are declared due and payable because of the occurrence of any Event of Default, the amount of money and U.S. Government Obligations or Foreign Government Securities, as the case may be, on deposit with the Trustee will be sufficient to pay amounts due on the Debt Securities of such series at the time of their Stated Maturity but may not be sufficient to pay amounts due on the Debt Securities of such series at the time of the acceleration resulting from such Event of Default. However, the Company shall remain liable for such payments.

The Prospectus Supplement will state if any defeasance provision will apply to the Offered Debt Securities.

TRUSTEE

The Trustee may resign or be removed with respect to one or more series of Debt Securities and a successor Trustee may be appointed to act with respect to such series. (Section 610) In the event that two or more persons are acting as Trustee with respect to different series of Debt Securities, each such Trustee shall be a Trustee of a

trust under the Indenture separate and apart from the trust administered by any other such Trustee (Section 611), and any action described herein to be taken by the "Trustee" may then be taken by each such Trustee with respect to, and only with respect to, the one or more series of Securities for which it is

Trustee.

The Company maintains customary banking relationships with the Trustee.
