PROXY STATEMENT

INFORMATION CONCERNING THE SOLICITATION

We are sending you these proxy materials in connection with the solicitation by the Board of Directors of Sonoco Products Company of proxies to be used at the Annual Meeting of Shareholders ("Annual Meeting") to be held on April 21, 2004, at 11:00 A.M. at The Center Theater, 212 North Fifth Street, Hartsville, South Carolina, and at any adjournment or postponement of the meeting. "We," "our," "us," "Sonoco" and "the Company" all refer to Sonoco Products Company. The proxy materials are first being mailed on or about March 11, 2004.

Who May Vote

You will only be entitled to vote at the Annual Meeting if our records show that you held your shares on February 20, 2004. At the close of business on February 20, 2004, a total of 97,405,615 shares of Common Stock were outstanding and entitled to vote. Each share of Common Stock has one vote.

Voting By Proxies

If your shares are held by a broker, bank or other nominee, it will send you instructions that you must follow to have your shares voted at the Annual Meeting. If you hold your shares in your own name as a record holder, you may instruct the proxy agents how to vote your shares by completing, signing, dating and mailing the proxy card in the enclosed postage-paid envelope; by dialing the toll-free telephone number shown on your proxy card (if you live in the United States or Canada); or by accessing the Web site shown on your proxy card. Of course, you can always come to the meeting and vote your shares in person.

The proxy agents will vote your shares as you instruct. If you sign and return your proxy card without giving instructions, the proxy agents will vote your shares **FOR** each person named in this Proxy Statement as a nominee for election to the Board of Directors and **AGAINST** the Shareholder Proposal described on Page 35 of this Proxy Statement. The proxy agents will vote according to their best judgment on any other matter that properly comes before the Annual Meeting. At present, the Board of Directors does not know of any other such matters.

How to Revoke Your Proxy

You may revoke your proxy at any time before it is voted. If you are a record shareholder, you may revoke your proxy in any of the following ways:

- by giving notice of revocation at the Annual Meeting;
- by delivering to the Secretary of the Company, 1 North Second Street, Hartsville, South Carolina, 29550 USA, written instructions revoking your proxy; or
- by delivering to the Secretary an executed proxy bearing a later date.

Subsequent voting by telephone or via the Internet cancels your previous vote. If you are a shareholder of record, you may also attend the meeting and vote in person, in which case your proxy vote will not be used.

How Votes Will Be Counted

The Annual Meeting will be held if a majority of the outstanding shares of Common Stock entitled to vote (a “quorum”) is represented at the meeting. If you have submitted valid proxy instructions or attend the meeting in person, your shares will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters introduced. “Broker non-votes” also count in determining whether a quorum is present. A “broker non-vote” occurs when a broker, bank or nominee who holds shares for a beneficial owner attends the meeting in person or by proxy but does not vote on a particular proposal because the broker, bank or nominee does not have discretionary voting power for that proposal and has not received voting instructions from the beneficial owner.

If a quorum is present at the Annual Meeting, directors will be elected by a plurality of the votes cast by shares present and entitled to vote at the Annual Meeting. Votes that are withheld or that are not voted in the election of directors will have no effect on the outcome of election of directors. Cumulative voting is not permitted.

Approval of the shareholder proposal and approval of any other matter that may be brought before the meeting require that the votes cast in favor of the matter exceed the votes cast against the matter. Votes that are withheld or shares that are not voted will have no effect on the outcome of such matters.

Cost of This Proxy Solicitation

We will pay the cost of this proxy solicitation. In addition to soliciting proxies by mail, we expect that some of our officers and regular employees will solicit proxies by telephone, fax, email or personal contact. None of these officers or employees will receive any additional or special compensation for doing this.

At our Annual Meeting, six directors will be elected. Messrs. F. L. H. Coker, C. C. Fort, B. L. M. Kasriel, J. H. Mullin, III and T. E. DIRECTOR INDEPENDENCE POLICIES

Our listing agreement with the New York Stock Exchange requires that at least a majority of the members of our Board of Directors be independent. Under the Exchange's standards, "independent" means that a director has been determined by the Board to have no material relationship with Sonoco (either directly or as a partner, shareholder or officer of an organization that has a relationship with Sonoco). To assist us in making these determinations we have adopted the following guidelines.

A director will not be considered independent if:

- The director is, or in the past three years has been, an employee of Sonoco, or has an immediate family member who is, or in the past three years has been, an executive officer of Sonoco;
- The director is, or in the past three years has been, affiliated with or employed by, or has an immediate family member who is, or in the past three years has been, affiliated with or employed in a professional capacity by, a present or former auditor of Sonoco;
- The director is, or in the past three years has been, an executive officer, or has an immediate family member who is, or in the past three years has been, an executive officer of another company where any of Sonoco's present executives serves on that company's compensation committee;
- The director is, or in the past three years has been, an executive officer or an employee, or has an immediate family member who is, or in the past three years has been, an executive officer of another company that makes payments to, or receives payments from, Sonoco for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues; or
- The director or an immediate family member (other than an immediate family member who is a non-executive employee) receives, or in the past three years has received, more than \$100,000 per year in direct compensation from Sonoco, (other than director fees and pension or other forms of deferred compensation for prior service that is not contingent in any way on continued service).

Until November 4, 2004, the three year look-backs provided for in the foregoing five paragraphs shall instead be one year look-backs.

The following relationships will not be considered to be material relationships that would impair a director's independence:

- Being an executive officer or an employee, or having an immediate family member who is an executive officer of another company that makes payments to, or receives payments from, Sonoco for property or services in an amount which, in any single fiscal year, is less than the greater of \$1 million or 2% of such other company's consolidated gross revenues.

The Board of Directors has determined that C. J. Bradshaw, R. J. Brown, J. L. Coker, C. C. Fort, Paul Fulton, B. L. M. Kasriel, E. H. Lawton, III, H. L. McColl, Jr., J. M. Micali, J. H. Mullin, III and T. E. Whiddon meet the independence standards.

MEETINGS OF NON-MANAGEMENT DIRECTORS

The Company's non-management directors meet at regularly scheduled executive sessions without management present. No one director presides at such meetings. Shareholders and other interested parties may communicate with the non-management directors by writing to Non-Management Directors, C/o Corporate Secretary, Sonoco Products Company, 1 North Second Street, Hartsville, South Carolina 29550 USA.

BOARD COMMITTEES

During 2003, the Board of Directors held four regularly scheduled meetings and three special meetings to review significant developments affecting the Company and to act on matters requiring the Board of Directors' approval. As shown above, the Corporate Governance and Nominating Committee recommends to the Board of Directors nominees to fill vacancies on the Board of Directors as they occur and recommends candidates for election as directors at Annual Meetings of Shareholders. Such candidates are routinely identified through personal and business relationships and contacts of the directors and executive officers.

In recommending candidates, the Corporate Governance and Nominating Committee evaluates such factors as it deems appropriate based on the Company's current needs. These factors may include diversity, age, skills such as understanding of appropriate technologies and general finance, decision-making ability, interpersonal skills, experience with businesses and other organizations of comparable size, and the

interrelationship between the candidate's experience and business background and other Board members' experience and business background. Additionally, candidates for director should possess the highest personal and professional ethics, and they should be committed to the long-term interests of the shareholders.

The Corporate Governance and Nominating Committee will consider director candidates recommended by shareholders if the shareholders comply with the following requirements. If you wish to recommend a director candidate to the Corporate Governance and Nominating Committee for consideration as a Board of Directors' nominee, you must submit in writing to the Corporate Governance and Nominating Committee your recommended candidate's name, a brief resume setting forth the recommended candidate's business and educational background and qualifications for service, and a notarized consent signed by the recommended candidate stating the recommended candidate's willingness to be nominated and to serve. This information must be delivered to the Chairperson of the Corporate Governance and Nominating Committee at the Company's address and must be received no later than January 5 in any year to be considered by the committee as a potential Board of Directors' nominee. The Corporate Governance and Nominating Committee may request further information if it determines a potential candidate may be an appropriate nominee. Director candidates recommended by shareholders that comply with these requirements will receive the same consideration that the committee's other candidates receive.

Director candidates recommended by shareholders will not be considered by the Corporate Governance and Nominating Committee for election at an annual meeting unless the shareholder recommendations are received not later than January 5 of the year of the meeting. In addition to making such recommendations, shareholders have the right to nominate candidates for election as directors at an annual meeting if they make a written nomination at least 60 days prior to the meeting. Any such nomination should be submitted to the Company's address. No such nominations have been made for this Annual Meeting.

During 2003, all directors attended 75% or more of the aggregate number of meetings of the Board of Directors and committees of which they were members, except Mr. McColl and Mr. J. L. Coker.

The Company encourages, but does not require, its directors to attend the Annual Meeting of Shareholders. In 2003, thirteen of fourteen directors attended the annual meeting.

DIRECTORS' COMPENSATION

Employee directors do not receive any additional compensation for serving on the Board of Directors. Non-employee directors were paid a \$12,500 quarterly retainer and a fee of \$1,500 for each Board of Directors and committee meeting attended. Committee chairpersons received an additional \$500 per committee meeting.

Directors may elect annually to defer part or all of their retainer and special meeting fees. Directors can choose to have their deferrals earn interest credits at a market rate (the Merrill Lynch Ten-Year High Quality Bond Index) or be treated as if invested in equivalent units of Sonoco Common Stock (which are credited with reinvested dividend equivalents). Alternatively, directors can elect to receive stock options under the 1996 Non-Employee Directors' Stock Plan (the "Directors' Plan") instead of receiving any part of their cash compensation. If a director chooses this alternative, he or she will receive an option to purchase four dollars worth of Common Stock at the fair market value of the Common Stock on the date the option is granted for each one dollar of cash compensation the director chooses not to receive. During 2003, one director, E. H. Lawton, III, received 5,657 stock options instead of cash compensation.

Under the Directors' Plan, at the first regularly scheduled meeting of the Board of Directors during a calendar year, each non-employee director is granted an option to purchase 4,000 shares of Common Stock at a price equal to the fair market value as of the date the options are granted. Any person who later becomes a non-employee director also receives an option to purchase shares of Common Stock at the fair market value of the Common Stock on the date the option is granted. The number of shares for which options are granted is reduced 25% for each full quarter of the calendar year during which the person did not serve as a non-employee director. During 2003, each non-employee director, except for Mr. Micali, received an option covering 4,000 shares. Mr. Micali joined the Board on July 16, 2003, and received an option covering 2,000 shares. Option shares are immediately vested but may not be exercised until one year after the grant date.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Paul Fulton, B. L. M. Kasriel and a former director, Ms. D. D. Young, served on our Executive Compensation Committee during the year ended December 31, 2003.

Mr. Fulton is a director of Bank of America Corporation. During the third quarter of 2003, a Bank of America subsidiary managed the syndication and participated as agent to provide a 364-day committed revolving line of credit with a one-year term out option for \$450,000,000 to support our commercial paper program and for general corporate purposes. Bank of America's commitment to this facility is \$43,200,000. A committed line of credit from Bank of America has been in place since 1987 and has been renewed, amended and increased or decreased according to our needs. Bank of America has extended other lines of credit to us as support for letters of credit, overdrafts and other corporate needs. It also provides treasury management services to us. We pay fees to the bank for these services and for the availability of the lines of credit, as well as interest on any borrowed funds. Mr. C. W. Coker, who is not a member of the Executive Compensation Committee, is also a director of Bank of America Corporation.

Mr. Kasriel is Chief Executive Officer of Lafarge of which Lafarge Platres International is a subsidiary. Sonoco Hongwen Paper Company, Ltd. (“SHW”), a subsidiary of Sonoco Asia, LLC, and Lafarge Onoda Gypsum, Shanghai (“LOGS”), a subsidiary of China Plasterboard Corporation Holding Company (British Virgin Islands), a subsidiary of Lafarge Platres International, entered into an agreement in 1998 whereby LOGS would provide technical assistance to SHW in the development and manufacture of plasterboard liner. SHW would supply the plasterboard liner to LOGS at prevailing market prices. Lafarge Platres International, through China Plasterboard Corporation Holding Company, funded 50% of the capital costs (\$450,000) for implementation of the project. The balance of approximately \$450,000 was met by Sonoco Asia, LLC through SHW. The agreement was terminated December 9, 2002, and settlement occurred in March 2003.

Ms. Young is a director of Wachovia Corporation. Wachovia Bank, N.A., a subsidiary of Wachovia Corporation, committed \$43,200,000 to the revolving line of credit syndicated by Bank of America to support our commercial paper program and for general corporate purposes. Wachovia Bank, N.A. also provides other lines of credit to support stand-by letters of credit, and it provides trustee services. We pay fees to Wachovia Bank, N.A. for the availability of the credit lines and for the trustee services, as well as interest on any borrowed funds. Ms. Young is also an executive officer and a director of The Phoenix Companies, Inc. During 2003, we paid approximately \$407,000 to The Phoenix Companies, Inc. for premiums for executive life insurance policies covering certain of our officers and directors.

All transactions were handled on a competitive basis. Management believes that the rates and provisions were as favorable to us as we could have obtained from similar sources.

During 2003, we sold plastic bags to Lowe’s Companies, Inc. through one of its distributors. The aggregate value of these sales to Lowe’s was approximately \$3,900,000. Mr. T. E. Whiddon, a director of our Company, was Executive Vice President – Logistics and Technology of Lowe’s Companies, Inc. until March 2003. The division which produces these plastic bags was divested in December, 2003.

Our management believes the prices and terms of the transactions reported above were comparable to those we could have obtained from other sources. We anticipate engaging in similar business transactions in 2004. The Board of Directors considered these relationships when making its determinations of independence.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

Based on information filed with the Securities and Exchange Commission (“SEC”), which we have not independently verified, we have determined that, as of February 12, 2004, there were no beneficial owners of more than 5% of our Common Shares.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our directors and executive officers are required to file reports with the SEC and the New York Stock Exchange, showing the number of shares of any class of our equity securities they owned when they became a director or executive officer, and, after that, any changes in their ownership of our securities. These reports are required by Section 16(a) of the Securities Exchange Act of 1934.

Based on a review of Section 16(a) reports and any written representations made to us, it appears that all such filings for 2003 were made in a timely manner.

EXECUTIVE COMPENSATION COMMITTEE REPORT TO SHAREHOLDERS

The Executive Compensation Committee of the Board of Directors (the “Committee”), comprised of directors who are not employees or former employees of the Company, is responsible for setting the remuneration levels for executives of the Company. It also oversees the Company’s various executive compensation plans, as well as the overall management compensation program. Additionally, the Committee reviews and plans for top management succession and reviews executive job performance. The Committee periodically evaluates the Company’s executive compensation program in terms of appropriateness, including competitive positioning relative to other companies’ practices. The Committee obtains independent and impartial advice from external compensation consulting firms. The Committee met three times during 2003, and had met once in 2004 as of the printing of this report.

Philosophy

The executive compensation program has been designed to attract, motivate, reward and retain senior management by providing competitive total compensation opportunities based on performance, teamwork and the creation of shareholder value. The program currently consists of salary, annual cash bonus awards, annual stock options, periodic contingent share awards, perquisites and employee benefits.

In order to determine competitive compensation levels, the Company participates in a number of surveys conducted by independent consulting firms. In these surveys executive compensation levels are developed by looking at large numbers of similar positions across American industry and reflect adjustments based on Company revenues. The Dow Jones Containers and Packaging Group Index (“Index”), which includes the Company, was used in the five-year shareholder return performance graph that appears on Page 28. The companies in this Index are included, as available, among the companies whose survey data is used in the Company’s compensation studies. From time to time the Company contracts with independent consulting firms to perform customized compensation studies of companies in its industry group and/or of companies similar in size.

Base salary midpoints were targeted to be at the median of the surveyed market. To provide greater emphasis on the performance-based variable pay components of the program, incentive pay, consisting of annual cash bonuses, annual stock option awards, and periodic contingent share awards, was calibrated to provide a total compensation package of up to the 75th percentile of the surveyed market for exceptional performance above target levels. If performance targets were not met, total compensation levels would fall below competitive median practice. In further support of the Company’s pay-for-performance philosophy, executive perquisites were limited and provided a lower level of benefits than the market median. The benefits program for executives provided a benefit that was somewhat higher than the market median. This benefits program, in particular the retirement and life insurance plans, was designed to enhance retention of executives until normal retirement age.

The Committee has taken, and it intends to continue to take, steps necessary to assure the federal tax deductibility of compensation realized by senior executives. However, to the extent that such steps would not be practical or would not be consistent with the Committee’s compensation objectives, there is the possibility that future compensation, in some circumstances, may not meet tax deductibility requirements.

Following is a discussion of elements of the executive compensation program, along with a description of the decisions and actions taken by the Committee with regard to 2003 compensation. Also included is a specific discussion of decisions regarding the compensation of Mr. DeLoach for performing the duties of President and Chief Executive Officer (“CEO”). The tables and accompanying narrative and footnotes which follow this report reflect the decisions covered by the discussions.

Stock Ownership Guidelines

To emphasize the importance of linking executive and shareholder interest, in 2003 the Board of Directors adopted stock ownership guidelines for executive officers. The target level of ownership of Sonoco Products Company Common Stock (or Common Stock Equivalents) is established as a fixed number of shares. The target level for the CEO is 140,000 shares. The target for Senior Vice Presidents is 24,000 shares, and the target for other officers is 7,000 shares. Each employee subject to the guidelines is expected to achieve the ownership target within five years from the date on which the employee became subject to the guidelines. Common stock held in the Sonoco Savings Plan, stock equivalents earned through non-qualified deferred compensation programs, time vesting restricted stock that vests within five years, and any other beneficially owned shares of common stock are included in determining compliance with the guidelines. Shares that executives have the right to acquire through the exercise of stock options are not included in the calculation of stock ownership for guideline purposes. As of the printing of this report, the CEO and all other officers met the above ownership guidelines.

Salary

The Company’s salary ranges and resulting salaries are based on relative valuing of the duties and responsibilities of each position. The Committee reviews the base salaries of all senior executives on an annual basis.

Merit salary increases are based on consideration of each executive’s performance and position in his or her salary range. Promotional salary increases are awarded to recognize increased responsibilities and accountabilities. The Committee used these criteria to determine salary adjustments for the CEO and for each of the executive officers.

Annual Bonus Awards

The Company has an annual bonus plan that provides for cash incentive opportunities based upon achievement of predetermined annual financial performance goals, as well as attainment of key strategic and operational objectives. The purpose of this plan is to link a significant portion of executive pay to both the Company’s operating performance for the year and to critical issues affecting the long-term health of the Company.

Financial performance goals were weighted from 80% to 100% of total bonus opportunity. For senior executives with corporate responsibility, 75% of the plan’s financial goals were based on corporate earnings per share (as adjusted to exclude restructuring charges and unusual gains or losses) and the remainder on revenue growth. For executives with business unit responsibility, 25% of the bonus opportunity available for

financial performance was based on business unit revenue growth, and the remainder divided between corporate earnings per share (from 18.75% to 37.5%) and business unit profit before interest and taxes (from 56.25% to 37.5%) as appropriate for the position.

High impact personal performance objectives for 2003 were established for each officer and were weighted at 20% of salary.

On February 3, 2004, the Committee reviewed and approved the 2003 annual bonus payments for executive officers. Mr. DeLoach's bonus, which was based on the Company's performance against predetermined financial targets and the Committee's assessment of his level of achievement in meeting individual objectives, is shown under the "Bonus" caption in the Summary Compensation Table on Page 29. The bonus awards for Messrs. Sullivan, Holley, Bowen and Hupfer and the other executive officers were determined in the same manner as the bonus award for Mr. DeLoach.

Stock Options

In 2003 the Committee granted Mr. DeLoach, the executive officers and other key management employees options to purchase shares of Common Stock under a plan which previously had been approved by the Company's shareholders. The price of these options was set at the prevailing market price on the date the options were awarded. Accordingly, these options will be valuable to the recipients only if the market price of Company stock increases. Stock option awards for Mr. DeLoach and the other named officers are included in the Summary Compensation Table on Page 29 under the caption "Number of Securities Underlying Options Granted" and in the Option Grants in Last Fiscal Year Table on Page 31.

PENSION PLAN TABLE

Named executive officers participate in a non-contributory defined benefit program which provides for a maximum annual lifetime retirement benefit equal to 60% of final average compensation computed as a straight life annuity, based on the highest three of the last seven calendar years. In order to receive the full benefit, the executive must have at least 15 years of service and retire no earlier than age 65. Eligible spouses (married one year or longer at the executive's retirement date) receive survivor benefits at a rate of 75% of the benefit paid to the executives. AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors has reviewed and discussed with management our audited financial statements for the year ended December 31, 2003. The Audit Committee has discussed with our independent auditors, PricewaterhouseCoopers LLP (“PricewaterhouseCoopers”), the matters required to be discussed by Statement on Auditing Standards No. 61, as may be modified or supplemented. The Audit Committee has also received the written disclosures and the letter from PricewaterhouseCoopers required by Independence Standards Board Standard No. 1, as may be modified or supplemented, and has discussed with PricewaterhouseCoopers their independence. Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission. The Committee has also reviewed the services provided by PricewaterhouseCoopers, discussed under the captions “Audit-Related Fees,” “Tax Fees” and “All Other Fees,” and has considered whether provision of such services is compatible with maintaining auditor independence.

SHAREHOLDER PROPOSAL

The Company has received the following shareholder proposal from Mr. William Steiner, 112 Abbottsford Gate, Piermont, New York 10968, who beneficially owns 2,650 shares of Common Stock:

“MAXIMIZE VALUE RESOLUTION

Resolved that the shareholders of Sonoco Products Company urge the Sonoco Products Company Board of Directors to arrange for the prompt sale of Sonoco Products Company to the highest bidder.

The purpose of the Maximize Value Resolution is to give all Sonoco Products Company shareholders the opportunity to send a message to the Sonoco Products Company Board that they support the prompt sale of Sonoco Products Company to the highest bidder. I believe that a strong and or majority vote by the shareholders would indicate to the board the displeasure felt by the shareholders of the shareholder returns over many years and the drastic action that should be taken. Even if it is approved by the majority of the Sonoco Products Company shares represented and entitled to vote at the annual meeting, the Maximize Value Resolution will not be binding on the Sonoco Products Company Board. The proponent however believes that if this resolution receives substantial support from the shareholders, the board may choose to carry out the request set forth in the resolution:

The prompt auction of Sonoco Products Company should be accomplished by any appropriate process the board chooses to adopt including a sale to the highest bidder whether in cash, stock or a combination of both.

The proponent further believes that if the resolution is adopted, the management and the board will interpret such adoption as a message from the company's stockholders that it is no longer acceptable for the board to continue with its current management plan and strategies.

I URGE YOUR SUPPORT, VOTE FOR THIS RESOLUTION”

THE BOARD RECOMMENDS THAT YOU VOTE AGAINST THE RESOLUTION

Your Board of Directors believes strongly that management's strategy for achieving sustainable average annual double-digit total returns for shareholders is sound. This strategy is based on a foundation of 105 years of experience, an A-range credit rating and consecutive dividends paid since 1925. Last year, we paid dividends that produced an average yield of between 3.5% and 4.0% and our dividends have grown at an average annual rate of about 6.2% over the last 10 years.

Despite four consecutive years of competing in a depressed general economic environment, in 2003 we produced total returns for shareholders of 11.7%. To further strengthen Sonoco's ability to benefit from an improved economy and deliver sustainable double-digit total returns, in 2003 we:

- targeted structural cost reductions of about \$54 million (about \$114 million since 2001);

- produced enough cash flow which, after funding capital expenditures and dividends, allowed us to reduce debt by approximately \$160 million (19%);
- generated manufacturing productivity improvements of \$30-40 million;
- reduced our exposure to cyclical raw material costs with the sale of our High Density Film business for a \$49.4 million after-tax net gain;
- increased dramatically the number of new products being generated by using over 700 global patent applications in the last three years;
- added to our presence in growing international markets; and
- achieved the safest year for employees in 105 years (safety is not only good for employees, it saves the Company money).

We believe that we have embarked on a program that will enhance long-term shareholder value through a strategy of (a) strengthening our manufacturing capabilities by reducing costs and increasing productivity; (b) developing new products, extending our existing product offerings and expanding geographically; and (c) making strategic acquisitions and joint ventures to complement Sonoco's existing businesses and technologies.

Your Board of Directors believes that our current management team has taken the appropriate and necessary steps to position Sonoco to achieve the Board's goal of providing continuing value to shareholders through the payment of dividends, financial soundness and earnings growth that will translate into enhanced shareholder value.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THE PROPOSAL.

SHAREHOLDER PROPOSALS FOR NEXT ANNUAL MEETING

If you want to present a shareholder proposal to be voted on at our Annual Meeting in 2005, you must submit the proposal to the Secretary of the Company in writing by February 4, 2005. However, if you want us to include your shareholder proposal in our proxy materials for our Annual Meeting in 2005, you must be sure the Secretary of the Company receives your written proposal by November 11, 2004. All shareholder proposals must comply with the requirements of our bylaws. The proxy agents for the Company will use their discretionary authority to vote on any shareholder proposal that the Secretary of the Company does not receive by January 25, 2005.
