Section 8 - Other Events

Item 8.01 Other Events.

Effective January 1, 2014, Sonoco Alloyd, the Company's retail security packaging component, became part of the Display and Packaging segment. It had previously been included in the Protective Solutions segment. This change reflects the evolving integration occurring between these businesses, enabling them to better leverage the Company's capabilities, products, and services in order to provide complete solutions to our retail merchandising customers.

To ensure comparability of 2014 quarterly segmental financial results with previous periods, the Company will recast prior year segmental results to conform to the current presentation. The following tables set forth quarterly financial information for 2013 and 2012 for each of the Company's business segments reflecting the move of Sonoco Alloyd from the Protective Solutions segment to the Display and Packaging segment:
